Welcome to our 2018 flyer. As you may have noticed, we're now putting out one sales flyer a year.

We've done this as printing costs have increased, and as more things move to our website.

Speaking of our website, we had been running two different websites for a couple of years to try and find the best one. Earlier this year, we discontinued one site, as it wasn't as easy to use as we had hoped for.

We have some really great sales in this flyer, including a special Framon deal on their #2 for just \$1495 in a special configuration and SD2 Sidewinder for just \$2499! Gcode 2018 software is included with either machine, too.

We have started to close out some of our key fobs, key shells, and have reduced the number of imported auto locks, too. Check out

August September 2018 Sales Flyer

the great deals we have on them and the others in this flyer.

One big news to pass on is that Dennis Baxter retired in December. We bought all his remaining Try-Out sets, books, guide keys and even some of his code machines and cutting wheels. We have some great deals on some of his overstock uncut keys, too.

Baxter was one of the first product lines we added almost 30 years ago. Dennis was always a pleasure to work with, and we will miss him!

Dennis is shown here with the last tryout set he produced. It's a

Set 108 All-In-One for Ford 8 cut. We will be selling this signed set for \$700, with the profits going to the Clearstar education fund.

Baxter Systems Code Books and Guide Keys

Dennis Baxter retired in December of 2017. We have purchased his entire stock of Try-Out sets, listed on the page to the right. Baxter is also famous for their automotive code books and guide keys. We have many in stock, and will continue to carry them.

Remaining guide keys in stock. Except for a limited number of foreign vehicles, these guide keys are \$15 each. We have 1-5 of most of these guide keys except for DGK942, which we have lots of.

COMPREHENSIVE INTERCHANGEABLE CORE

DONALD O'SHALL

This is a most complete and up to date book on the topic. It is based on the popular and highly rated, often over-filled, course of the same name. Its step by step, logical, easy to read format makes it useful for beginners, and its well organized charts make it highly useful for even the most seasoned professionals.

About 370 pages, over 700 illustrations and chart. Book by Don O'Shall.

Dennis Baxter retired in December 2017. We purchased all stock.

Baxter Systems Precision Try-Out Keys

Sadly, Dennis Baxter has retired after many years making try-out keys, code books and depth keys. We purchased all his remaining stock. Get them while they last! Code books, try-out instruction books, try-out storage boxes and guide keys in stock, too.

Have you tried out Baxter's Motorcycle Try-Outs? As usual Dennis

Baxter has put a lot of work into these sets, making them unique in the locksmith world. Instead of creating huge sets that would only fit one model, he has created smaller sets that can be used in many different models. Use these sets in the helmet or gas cap locks until you get one that turns. Set MCK2 fits **all** locks. Follow the simple instructions to progress a key. **These keys are tip stopped, so many fit more than one type of key.**

Exacta Key Machine Components

Ilco discontinued the Exacta a couple of years ago, and we've just gotten in a big assortment of brand new parts in.

We have a limited stock of Exacta plates, carriages and punch assemblies that we got from Dennis Baxter. Dennis carried Exacta when he had a supply business. These are from the 70's and 80's. Mostly automotive of that period, with some padlock, obsolete and oddball stuff.

At this point we do not have any other parts for these machines, but are always on the lookout.

A29. KAR clipper. With Ford single and double sided pin tumbler, plus a couple of more as shown here. Get this great collectible. Just \$199.

A30. Rare Chicago filing cabinet lock. I couldn't find the part number, but recall it being for a fireproof or insulated filing cabinet. I've got about 20 of these left. Just \$12 each.

A31. Used Baxter Set 64B. Ford 10 cut ignition set. In nice shape. Just \$130.

A32. Used Baxter Set 66A for Nissan 8 cut (X123). Nice shape. Not \$380, but just \$220.

A35. Used Baxter tryout set 37. This is for pin tumbler Chrysler keys cut on the universal blank that fits in Y149/Y152 locks. A big set, this is only \$175.

A36. New Baxter tryout set 87. A retiring lock-smith never used these, still new in the box. For GM 10 cut locks (B86/B89). This huge two box set has 256 double sided keys. Covers positions 1-9. Will work many ignitions if the lock has some wear, and many door and trunk locks. Not \$590, just \$400!

A37. Used tryout set similar to Baxter Set 82FB for Ford double sided, pin tumbler trunks (and door on some years) H50 blank. Nice, \$75.

A38. Used tryout set similar to Baxter Set 81FA for Ford double side pin tumbler ignitions using the H51 blank. Just \$80.

Want to buy the last try-out key set Dennis Baxter made? Get the great Ford 8 cut all in one set, #108. Box signed and dated by Dennis. Only \$700. All profits will go to the Clearstar Education fund.

D7. A brand new 13 Song Auto punch setup, including carrying case, and instruction book. These are pretty rare, and you'll never find a better one! Just \$495.
